The official 2026 Endeavour Women in Tech Scholarship call confirms **STEM (Science, Technology, Engineering, and Mathematics)** as the eligible field of study. It does not provide a more detailed programme list for the current cycle.

- **Technology**
- **Engineering**
- **Mathematics**

www.fullyfunded.info

Note: Specific majors such as Computer Science, Cybersecurity, Mechanical Engineering, or Data Science should **not** be listed as confirmed 2026 programmes unless explicitly stated in the current official call.

How to Apply

1. Visit the official **Endeavour Women in Tech Scholarship** application page.
2. Select the appropriate application option for **Current University Students** or **Incoming University Students**.
3. Complete the online scholarship application with your academic and personal information.
4. Provide details demonstrating your **STEM work, research, and/or advocacy**, as required by the eligibility criteria.
5. Submit the completed application before the **September 8, 2026** deadline.

Application Route: Applicants apply **directly to Endeavour through the online scholarship application**. The official information does not indicate an embassy, nominating agency, or host-university nomination route.

Required Documents

The current official **2026 Endeavour Women in Tech Scholarship** page lists the eligibility criteria but **does not publish a specific list of required application documents**.

Therefore, do **not** list the following as confirmed requirements unless they appear in the application form:

- Transcripts **Not confirmed**
- Degree certificates **Not confirmed**
- CV/Resume **Not confirmed**
- Reference letters **Not confirmed**
- Research proposal **Not confirmed**
- English-language test results **Not confirmed**
- Passport copy **Not confirmed**

Confirmed: Applicants must meet the stated academic and STEM criteria, including a minimum **3.5 GPA** and evidence of exceptional STEM work, research, and/or advocacy.

Is this scholarship fully funded or tuition-only?

The **2026 Endeavour Women in Tech Scholarship is not a fully funded scholarship**. The official information states that selected recipients may receive an award of **up to \$10,000**. It does not confirm full tuition coverage or additional benefits such as accommodation, airfare, living allowance, or health insurance.

Which nationalities and study levels are eligible?

- **Nationality:** The 2026 official call does **not specify a nationality restriction**. However, applicants must be studying at a **U.S. college or university**.
- **Study Level:** The scholarship is open to:
 - **Incoming college freshmen** who are graduating from high school.
 - **Current college students**
 - **Graduate students** at a U.S. college or university.

Note: The official call does not state that applicants must be U.S. citizens. Past recipients have included international students, but nationality eligibility for the 2026 cycle is not explicitly defined.

Is university admission required before the scholarship application?

Not necessarily. The 2026 Endeavour Women in Tech Scholarship accepts both **incoming college students** entering their freshman year and **current college or graduate students** at a U.S. college or university. Therefore, students who are entering college can apply, while existing students must already be enrolled.

What is the exact deadline and timezone?

- **Application Deadline: 8 September 2026**
- **Time Zone: Not specified** on the current official scholarship information.

Therefore, it is safest to state **Deadline: 8 September 2026 (timezone not specified)** rather than assuming a specific time zone.

Is there an application fee?

No application fee is stated. The official 2026 Endeavour Women in Tech Scholarship page does not mention any fee for submitting an application.
