

France EURECOM Scholarships 2027 How International Students Can Apply

Description

The France EURECOM Scholarships 2027 are offered by EURECOM, a higher education institution located in Sophia Antipolis, France. These scholarships provide financial support for eligible students pursuing engineering and technology-related studies, including selected master's programmes. The September 2027 admission cycle is open, with applications accepted from October 1, 2026, to May 15, 2027. International students with strong academic records and an interest in fields such as computer science, cybersecurity, and digital communications may benefit from these opportunities. Scholarship amounts and eligibility requirements vary by award, so applicants should review the official guidelines and deadlines before applying.

Scholarship Overview

- Host Country: France
- Host Institution: EURECOM
- Study Level: Master's and eligible engineering programmes
- Funding Type: Partially Funded (varies by scholarship)
- Application Deadline: 15 November 2026 (Eiffel Scholarship pre-selection)
- Current Status: Applications Open for the September 2027 intake

Scholarship Benefits

The benefits vary depending on the specific scholarship awarded. According to EURECOM's official scholarship information:

- **Tuition Fees:** Partial tuition fee waivers are available, including up to 50% for eligible students under the Equal Opportunity & Inclusion Scholarship.
- **Monthly Stipend / Living Allowance:** The Eiffel Excellence Scholarship provides €1,200 per month.
- **Travel or Airfare:** Not confirmed as a standard benefit across EURECOM scholarships.
- **Health Insurance:** Not confirmed as a standard scholarship benefit.
- **Accommodation:** Not guaranteed; students generally need to arrange their own housing.
- **Visa, Books, Research or Settling-in Allowance:** Not confirmed as standard benefits.

Eligibility Criteria

Applicants interested in the France EURECOM Scholarships 2027 must meet the admission requirements of their chosen programme. Eligibility and selection criteria vary depending on the scholarship.

- **Nationality:** International applicants may apply for eligible programmes. The Eiffel Scholarship has specific nationality and previous-application restrictions.
- **Academic Qualifications:** Applicants generally need a recognised bachelor's degree of at least three years for a master's programme, with relevant academic preparation and strong grades.
- **Age Limit:** No general age limit is specified for all EURECOM scholarships. The Eiffel Scholarship has its own age requirements.
- **Work Experience:** Not generally compulsory, but relevant professional experience, research, and achievements may strengthen an application.

- **Language Requirements:** English proficiency at B2 level is required, with accepted test scores depending on the programme. French proficiency may be required for certain programmes.
- **Admission Requirements:** Applicants must submit a complete online application, academic transcripts, degree certificates, a CV, a motivation letter, and recommendation letters.
- **Nomination Route:** Most EURECOM scholarships are assessed during admission. The Eiffel Scholarship requires a separate pre-selection process through EURECOM.

Important: Meeting the admission requirements does not guarantee a scholarship. The Eiffel Scholarship has additional eligibility rules, so applicants should check the specific conditions for the 2027 intake.

Available Fields and Programmes

For the France EURECOM Scholarships 2027, the following programmes are listed on EURECOM's official September 2027 admission platform:

- Computer Science & Digital Security
- Computer Science & Data Science
- Network and Telecommunication & Internet of Things
- Network and Telecommunication & Intelligent Communication Systems
- Engineering Degree Programmes & First-year and second-year entry routes
- Post-Master's Programme & Security in Computer Systems and Communications

Note: Scholarship eligibility varies by award and programme. Applicants should confirm that their chosen programme qualifies for the specific scholarship before applying.

How to Apply for France EURECOM Scholarships 2027

Applicants generally apply directly through EURECOM's admission platform. The Eiffel Excellence Scholarship has an additional pre-selection process managed by EURECOM.

1. Choose a Programme: Select an eligible Master's or engineering programme for the September 2027 intake.
2. Register Online: Create an account on EURECOM's admission platform and complete the application form.
3. Prepare Required Documents: Submit academic transcripts, degree certificates, a CV, a motivation letter, and other required documents.
4. Submit Your Application: Complete the admission application and ensure all required information is provided.
5. Follow the Scholarship Process: Check the specific scholarship requirements. For the Eiffel Excellence Scholarship, contact EURECOM's admissions team for pre-selection instructions.
6. Wait for the Decision: EURECOM evaluates admission applications and pre-selects Eiffel Scholarship candidates. Final Eiffel Scholarship decisions are made by Campus France.
7. Prepare for Enrolment: Successful applicants should follow the admission instructions and arrange their student visa, if required.

Required Documents

Applicants for the France EURECOM Scholarships 2027 should prepare the following documents for their admission application:

- CV / Resume
- Statement of Purpose or Motivation Letter
- Valid Passport or National ID Card
- Official Academic Transcripts (undergraduate and graduate, if applicable)
- Degree Certificates or Diplomas
- English Language Proficiency Certificate

- French Language Certificate, if required for the chosen programme
- Three Letters of Recommendation from academic or industry referees
- Recent Passport-Style Photograph

Important Dates

- Application Opens: 1 October 2026
- Eiffel Pre-selection Deadline: 15 November 2026
- General Admission Deadline: 15 May 2027
- Interview Period: Not announced
- Admission Results: December 2026 – June 2027
- Eiffel Scholarship Results: Expected April 2027

Is this scholarship fully funded or tuition-only?

The scholarship is not universally fully funded or tuition-only. Funding depends on the award: some EURECOM scholarships offer partial tuition fee waivers or fixed financial awards, while the Eiffel Excellence Scholarship provides a monthly living allowance and additional services but does not cover tuition fees. Applicants should check the benefits of their specific scholarship before applying.

Which nationalities and study levels are eligible?

Students of various nationalities may apply to eligible EURECOM programmes, subject to the specific scholarship's rules. The opportunities cover Master's degrees, EURECOM Engineering Degree programmes, and selected Post-Master's or mobility opportunities, depending on the award. The Eiffel Excellence Scholarship has additional nationality and eligibility requirements. Applicants should check the criteria for their chosen scholarship and programme before applying.

Is university admission required before the scholarship application?

Yes. Applicants must first submit and complete their admission application to EURECOM. For the Eiffel Excellence Scholarship, eligible candidates must also complete a separate pre-selection process through EURECOM. Final scholarship decisions are made by Campus France.

What is the exact deadline and timezone?

Exact Deadline: 15 November 2026, for the EURECOM Eiffel Scholarship pre-selection application. The exact closing time and timezone are not officially specified.

For general EURECOM admission, the first-session deadline is also 15 November 2026.

Is there an application fee?

No. EURECOM does not charge an application fee. However, admitted students must pay a ~1,000 tuition deposit to confirm their admission. This deposit is deducted from the overall tuition fees.
