Important note: Do not advertise airfare, health insurance or a separate accommodation allowance as guaranteed benefits. These are not listed in the official scholarship package.

Eligibility Criteria â?? Presidentâ??s PhD Scholarships 2027-2028

Applicants interested in the Presidentâ??s PhD Scholarships at Imperial College London must demonstrate excellent academic performance and strong research potential. The scholarship is open to candidates from the UK and worldwide, with no general nationality restrictions.

1. Nationality requirements

- Applicants from all countries are eligible to apply.
- There are no general nationality restrictions.
- Some departments may be unable to support international applicants.

- Applicants should confirm their eligibility with their chosen department.

2. Academic qualifications

Applicants must meet one of the following academic requirements:

- Hold or expect to receive a first-class undergraduate degree or equivalent.
- Hold or expect to receive a first-class integrated Masterâ??s degree or equivalent.
- Alternatively, hold or expect to receive a distinction in a standalone Masterâ??s qualification.

www.fullyfunded.info

International applicants should check with Imperialâ??s Admissions team to confirm whether their qualifications meet the required academic standard.

3. Age limit

â?? No specific age limit is stated on the official scholarship page.

4. Work experience

- No compulsory professional work experience requirement is specified.
- Relevant research experience and evidence of research potential can strengthen an application.
- Applicants from non-traditional academic or career backgrounds are also encouraged to apply if they demonstrate strong research potential.

5. English language requirements

- Applicants must meet Imperial College Londonâ??s English-language requirements for their chosen PhD programme.
- Specific IELTS or TOEFL scores are not stated as universal scholarship requirements.
- Applicants should check the language requirements of their selected department.

6. Admission requirements

- Applicants must apply for a new PhD programme at Imperial College London.
- They must contact an academic supervisor who agrees to supervise their proposed research project before applying.
- Current registered Imperial PhD students are not eligible.
- Applicants must meet any additional admission requirements set by their chosen department.

7. Nomination requirements

www.fullyfunded.info

- There is no separate scholarship application form.
- Applicants must submit their PhD admission application through Imperialâ??s online application system.
- They must select the Presidentâ??s PhD Scholarship option in the funding section.
- The relevant academic department reviews eligible applications and puts suitable candidates forward for scholarship consideration.

8. Special consideration

Applicants who do not meet the standard academic requirements may be considered as special cases if there are exceptional circumstances affecting their grades but they demonstrate strong research potential. They should contact their proposed department before applying.

Important: Meeting the minimum eligibility requirements does not guarantee a scholarship. Selection is competitive and based on academic excellence and research potential.

Available Fields or Programmes

The Presidentâ??s PhD Scholarships 2027â??2028 at Imperial College London support research-based doctoral studies across participating academic departments. Applicants can propose a research project of their choice with the support of an approved academic supervisor.

www.fullyfunded.info

Other academic areas

- Imperial Business School doctoral programme
- Arabic, German, Italian, Russian and Spanish Studies
- Science Communication Studies

Important: These are confirmed doctoral academic areas listed by Imperial, not a guarantee that every department has an available scholarship place or accepts every proposed research topic. Applicants should check departmental availability and supervisor eligibility before applying.

How to Apply â?? Presidentâ??s PhD Scholarships 2027-2028

Applications for the Presidentâ??s PhD Scholarships at Imperial College London are submitted **directly through the universityâ??s online admission system**. Applicants do not need to apply through an embassy, government agency or external nominating organisation. There is no separate scholarship application form.

Step-by-step application process

Step 1: Find an academic supervisor

- Identify an academic department and research area at Imperial College London.
- Contact a suitable academic supervisor.
- Obtain their agreement to supervise your proposed PhD research project before applying.
- Check the list of unavailable supervisors before making contact.

Step 2: Choose an eligible PhD programme

- Select a PhD programme that matches your academic background and research interests.
- Review the departmentâ??s admission requirements.
- Check whether your proposed research project can be supported by the department.

www.fullyfunded.info

Step 3: Prepare the required documents

Prepare the following documents and information:

- Academic transcripts and degree certificates.
- A two-page personal statement and research proposal.
    - Page 1: Explain your motivation for applying to Imperial and the scholarship.
    - Page 2: Present your proposed research project.
- Contact details of two academic referees.
- Any additional documents required by your chosen department.

Your proposed PhD supervisor cannot be one of your two referees.

Step 4: Submit the online PhD application

- Visit Imperial College Londonâ??s official postgraduate application portal.
- Create an account or log in to My Imperial.
- Complete the online PhD admission application.
- Upload the required supporting documents.
- Provide the details of your two academic referees.

Step 5: Select the scholarship option

www.fullyfunded.info

- Open the additional questions section of the application.
- Navigate to the funding section.
- Select the **Presidentâ??s PhD Scholarship** option to be considered for the award.

Step 6: Departmental review and selection

- The academic department reviews eligible applications.
- Selected candidates are shortlisted and presented to the College Selection Panel.
- Final scholarship decisions are made by the College Selection Panel.
- Successful applicants receive written confirmation of their scholarship.

Applicants who are not selected for the scholarship will automatically be considered for a standard PhD place

Required Documents â?? Presidentâ??s PhD Scholarships 2027â??2028

Applicants should prepare the following documents and information for their PhD admission and scholarship consideration at Imperial College London.

Required documents

1. **Academic transcripts:** Official transcripts showing previous academic results and grades.

2. **Degree certificates:** Certificates or evidence of completed academic qualifications, where applicable.

3. **Two-page personal statement and research proposal:**

- **Page 1 â?? Personal statement:** Explain your motivation for applying to Imperial College London and the scholarship, along with relevant supporting information.
- **Page 2 â?? Research proposal:** Describe your proposed PhD research project.

4. **Two academic referees:** Provide the names and contact details of two academic referees who can support your application. Your proposed PhD supervisor cannot be one of your referees.

www.fullyfunded.info

5. **Proposed supervisor details:** Identify an academic supervisor at Imperial College London who has agreed to supervise your research project.

Additional documents

- Any additional supporting documents requested by your selected PhD department.
- English-language proficiency evidence, if required for your chosen programme.

Important: A separate CV, passport copy, IELTS certificate or work experience certificate is not listed as a universal scholarship-specific document. Check your chosen departmentâ??s admission requirements before submitting your application.

Is this scholarship fully funded or tuition-only?

The Presidentâ??s PhD Scholarship at Imperial College London is a **fully funded scholarship**, not just a tuition-fee award. It covers full PhD tuition fees and provides an annual living stipend of Â£27,036 for 2027â??2028. Successful scholars also receive Â£2,000 per year for research consumables during the first three years of study. The funding supports students for 3.5 years.

Which nationalities and study levels are eligible?

www.fullyfunded.info

The Presidentâ??s PhD Scholarships 2027â??2028 at Imperial College London are open to applicants from all countries, including the UK and international students. There are no general nationality restrictions, although some academic departments may be unable to support international applicants. The scholarship is exclusively for **new PhD (doctoral) applicants** and supports both full-time and part-time study. Bachelorâ??s and Masterâ??s degrees are not directly funded under this scholarship. Applicants must meet the academic requirements and secure an Imperial academic supervisor.

Is university admission required before the scholarship application?

Yes. Applicants must apply for admission to a new PhD programme at Imperial College London to be considered for the Presidentâ??s PhD Scholarship. However, they do not need to receive a final admission offer before applying for the scholarship. They must first obtain agreement from an Imperial academic supervisor and submit their PhD application through the universityâ??s online admissions system. Applicants must also select the Presidentâ??s PhD Scholarship option in the funding section of the application. There is no separate scholarship application form.

What is the exact deadline and timezone?

The Presidentâ??s PhD Scholarships 2027â??2028 at Imperial College London have three application deadlines:

- **First round:** 2 November 2026, by 23:59 UK time.

- **Second round:** 11 January 2027, by 23:59 UK time.

- **Third round:** 1 March 2027, by 23:59 UK time.

The next application deadline is **11 January 2027 at 23:59 UK time (GMT)**. Successful applicants from this round will be notified by 15 April 2027.

Is there an application fee?

No. Imperial College London does not charge an application fee for standard postgraduate doctoral programmes, including PhD applications. Therefore, applicants applying for the Presidentâ??s PhD Scholarship through the regular PhD admission route do not need to pay an application fee.
